

Ellie Rudy

Freelance Journalist

I enjoy telling the stories we don't get to hear often. From the recesses of Reddit to the depths of online retail, I look just about anywhere to find unique voices who deserve a platform. I believe, as journalists, it's our job to offer spaces for people from all walks of life to share their experiences. Now more than ever, we need to come together, and I think the best way to do that is by listening to one another's stories.
